Greeley, Colorado 80631

January 6, 2020

Dear Weld County Council,

This letter is my official notification to the Council that I will be resigning my office as Weld County Commissioner At-Large effective January 31, 2020.

Over the last year, my wife Rebecca has been experiencing several health challenges. The time has come to put her needs first.

It has been a tremendous honor over the last eleven years to serve the residents of Weld County, an honor I will cherish for the rest of my life.

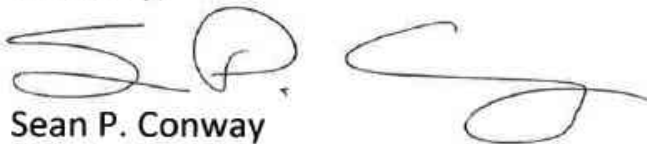

Much has been accomplished in the past decade: A new Northern Colorado Crime Lab. Completion of Weld County Road 49 – the largest construction project in the history of the County. The development of an Adult Treatment Court. Successfully responding to the epic 2013 flood in which 161 roads, bridges and culverts were repaired within a month of the flood. The start of construction on a new addition to the County Jail, without raising taxes or encumbering any debt. I am also proud to have led the effort to lowering the County mil-levy twice over the last few years – saving homeowners, businesses, farmers and ranchers hundreds of millions of dollars while ensuring Weld County remained the only County in the country with no short-term debt, long-term debt or sales tax.

I have always championed the "Jeffersonian Ideal of Public Service," where citizens serve for a short period of time in office and then return to their community to live under the rules and regulations they enacted.

It is time to pass the torch to a new generation of leaders who hopefully continue to make Weld County the best place in Colorado to live, work and play.

Thank you for your service to our community and God Bless.

Sincerely,

A handwritten signature in black ink, appearing to read 'SPC', written in a cursive style.

Sean P. Conway

Weld County Commissioner
